

Emerging Issues and Methods in Personality Assessment

By -

Taylor Francis Ltd, United Kingdom, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.This book constitutes a collection of articles that were written for, and recently published as, special sections in three consecutive issues of the Journal of Personality Assessment. Part I provides lucid commentaries on the current status of and future issues regarding the Rorschach and MMPI-2 and other instruments, including the Minnesota Multiphasic Personality Inventory -- Adolescent (MMPI-A), the Interpersonal Adjective Scales (IAS-R), the Inventory of Interpersonal Problems -- Circumplex version (IIP-C), the revised NEO Personality Inventory (NEO-PI-R), and the third edition of the Millon Clinical Multiaxial Inventory (MCMI-III). The authors not only participated in the development of the instruments, but continue to lead the research effort in their application in both clinical and research settings. Part II addresses several issues that have been recurring themes, and often topics of debate, in the research and professional literature. The contributors discuss the impact of the five-factor model on personality assessment, the issue of deception in personality assessment, and various critical issues in the measurement of mood states. Other articles focus on the integration of the MMPI-2 and Rorschach and...
