Createspace, United States, 2012. Paperback. Condition: New. Bill Young (illustrator). Language: English . Brand New Book ***** Print on Demand *****.Even Jack will admit he isn't having a great month. After finally getting his dream job as lead writer on the Captain Avenger comic his inspiration runs dry. With a submission deadline looming his editor on his back and no sleep for days he tries to hash out a story with little success. Then things really start to turn strange; Jack's characters start popping up in his life and he finds himself caught up in action straight out of the pages of a comic book. The question is as Jack's realities collide and the line between fiction and real life starts to blur is Jack on the verge of a nervous breakdown? Or are these events more real than he realizes. Exposition is a unique mash up of comic book sequential art and narrative prose all about the insanity of writers block. This is a story featuring Superheroes, Evil Villains, Dim Henchmen, Noisy Ninjas, Giant Robots and a very diabolic dance number as Jack begins to lose the plot as he desperately tries to find his ending.
