

## Problems and Methods in Mathematical Physics Teubner-Texte zur Mathematik German Edition

By -

Vieweg+Teubner Verlag. Paperback. Condition: New. 224 pages. Dimensions: 9.2in. x 6.1in. x 0.5in. This Teubner-Text contains selected contributions to the 10th Conference on Problems and Methods in Mathematical Physics (10th TMP), held at the Technical University of Chemnitz-Zwickau in Chemnitz, Germany, September 13 - 17, 1993. The main topics of the conference were Scientific Computing in Solid and Fluid Mechanics Problems with Singularities Boundary Integral Methods Multilevel Finite Element Methods Free Boundary Value Problems and Optimal Control Numerical Functional Analysis. The conference brought together more than 170 experts from 17 countries, and the 18 plenary and invited lectures as well as the 120 short lectures were devoted to plenty of problems and latest results in applied mathematical research. Undoubtedly, the majority of these contributions would have deserved publication. However, this volume does not intend to reflect the whole scientific contents of the conference in the usual form of proceedings. It is rather aiming at giving a survey of some recent trends in fields covered by the topics of this meeting. The organizing committee hopes that this Teubner-Text reflects the main spirit of the 10th TMP. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN...

### Reviews

*Totally one of the better publication I have actually read through. It really is rally fascinating through studying time period. Its been printed in an extremely simple way and is particularly just following i finished reading through this ebook in which basically modified me, modify the way i think.*

-- Mrs. Maudie Weimann

*A whole new electronic book with an all new perspective. It is one of the most incredible book we have read. Your way of life span will likely be convert when you comprehensive reading this article book.*

-- Spencer Fay
