A CONTEXTUAL CLINICAL REASONING MODEL

Condition: New. Publisher/Verlag: Noor Publishing | Today's dynamic and complex health care systems require contemporary nurses to be effective thinkers and decision makers. To develop this clinical reasoning and decision making ability, students of nursing require time and development to achieve the required skills, competency and reasoning ability. Nursing students in Saudi Arabia undertake a period of nursing internship which represents a transitional period from their nursing college studies to the commencement of professional practice. Little is known however about..
