AUTHORHOUSE, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The General Theory of Eco-Social Science has made fundamental changes to Social Science; it introduces five new theories to the field of humanities and social science. ECO-ENTITY-An Entirely New Sociology It lays out an all new system of ecological theory integrating the social and natural sciences. At its core is the new concept of the eco-entity, its roles and inner systems, its rules, operation laws and operating mechanism. ECO-RESOURCES-New Philosophy and Management It advances the concept of eco-resources, expanding to the social relations of human beings, and puts forth the new theories of the monist world outlook of eco-resources, the dichotomy between positive and negative eco-resources, and the strategic management of eco-resources, through which it reveals a new dimension to humanities and social sciences. ECOLOGICAL SOCIETY-A Brand New Political Science It introduces the doctrine of an ecological society where the rule of law is replaced by the rule of organicism, and explains the operating principles and governance of the future ecological society. ECO-ECONOMICS-A New Economics It demonstrates with flow charts the economic growth cycle. It depicts the laws of commodity value and eco-value. It stresses the organic inter-relationships between the government and the market. The author systematically expounded the economic growth cycle, the starting point, the methods, the principles, the mechanisms and the formulas, in his eco-economy growth theory. ECO -CURRENCY-A Complete New Theory of Currency It creates the new theory of Eco-currency, three basic attributes of currency and three major functions of currency. The author proposes a new eco-monetary policy: management of role currencies, or a visible hand in adjusting the economy. In addition, he also illustrates the elements of eco-currency, a new currency, in detail.
