UNI IN THE USA: THE DEFINITIVE UK GUIDE TO UNIVERSITIES IN THE USA

LUCAS PUBLICATIONS, United Kingdom, 2016. Paperback. Book Condition: New. 5th Revised edition. 234 x 165 mm. Language: N/A. Brand New Book. Now in its fifth edition, Uni in the USA is the definitive guide to US universities for British students, containing reviews of over 70 selected universities. This book walks you through universities from Harvard to Stanford and tells you how to choose, how to apply and how to pay. The down-to-earth and often hilarious reviews could only have been written by British students interviewing other students - one even couchsurfing and crisscrossing the US by Greyhound bus, talking to students at universities around the country, and writing spot-on reviews as he went. Uni in the USA takes readers through the application process, step by step, and gives insider info on getting in, scholarships, fellow students, best dormitories and campus bars, life on campus and off. In short, what it s really like to be there. The media is full of recommendations for students to choose the US but they and their parents typically don t know how to go about it. This book answers all their questions - accurately, impartially and wittily. It is the authoritative resource for anyone - student, parent, teacher - considering Uni in the USA. This book is written by students, for students and includes straight talking articles written by Anthony Nemecek, former US-UK Fulbright Director of Advising. It is purchased by Fulbright Commission annually for all Sutton Trust students. Uni in the USA is the only such guide on the market and editorially independent - no advertising or paid-for entries. This latest edition includes new SAT info.
