

Emergency Air: For Shelter-In-Place Preppers and Home-Built Bunkers

By F J Bohan

Paladin Press, U.S. Paperback / softback. Book Condition: new. BRAND NEW, Emergency Air: For Shelter-In-Place Preppers and Home-Built Bunkers, F J Bohan, From the author of Living on the Edge and Barbed Wire, Barricades, and Bunkers comes another information-packed guidebook for today's survivalists, Emergency Air: For Shelter-in-Place Preppers and Home-Built Bunkers. This new book offers a breath of fresh air on a subject about which very little information is available. It won't matter how well you plan or how much food, water, and other supplies you have stored and waiting for your neighborhood to become a nuclear fallout zone. Without breathable air, you will die! Leaving it for others to compile the lists of bullets, beans, and Band-Aids in their disaster-relief books, "F.J. Bohan" details how to safely ventilate an underground bunker or shelter-in-place room, sealed with duct tape and plastic sheeting, so you can escape the airborne particulate threats of anthrax, nuclear fallout, dirty bombs, biological and pandemic agents, or other airborne threats. This book educates you about all the variables involved in providing fresh air to your shelter "before" the need arises, including passive and active ventilation, air pumps, plumbing the bunker, air filters, and gas masks. After studying...

Reviews

This sort of book is everything and taught me to seek forward and more. This really is for those who state there had not been a well worth reading. I found out this pdf from my i and dad advised this book to discover.

-- Prof. Griffin Murphy

Merely no words and phrases to spell out. It is actually written in basic words and phrases instead of difficult to understand. Your way of life span will probably be enhanced as soon as you complete reading this article ebook.

-- Lauren Quitzon
