

Life, Death, and Airplanes: A Memoir (Paperback)

By Larry Klos

Createspace, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Life, Death, and Airplanes is a memoir covering a portion of the author's life. Larry Klos lived as a child in a family with airplanes and as an adult has been a light aircraft pilot. He retired after a long career in the aircraft industry. Aircraft have always been part of his life and changed his life, most notably when a light aircraft crash killed his family, leaving him as the sole survivor. The memoir shares the details of his life as it was affected by aviation, and by the fact that he has an introverted personality type. Although introversion can be a strength as well as a weakness, in both cases it affects the way introverts approach the world and their relationships with others. The intersections of introversion and aviation are constant threads of thought in the narrative. All of us face our own difficulties and traumas as we move through life. The story is sad, but hopefully inspiring, showing how one person survived to live a fulfilled life despite difficult situations.
