Reviews

It in a of the best ebook. It is one of the most incredible pdf i actually have go through. I am just easily will get a satisfaction of looking at a composed book.

(Elisha McCullough)

OUR BODIES ARE SELVES (HARDBACK)

CASCADE BOOKS, 2015. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Our Bodies Are Selves is a look at what it means to be human in a world where medical technology and emerging ethical insight force us to rethink the boundaries of humanity/spirit and man/machine. This book gives us a fresh look at how our expanding biological views of ourselves and our shared evolutionary history shows us a picture that may not always illumine who and where we are as Christians. Offering up Christian theological views of embodiment, the authors give everyday examples of lives of love, faith, and bodily realities that offer the potential to create new definitions of what it means to be a faith community in an increasingly technological age of medicine. In Our Bodies Are Selves, I found a compendium of perspectives reflecting upon the longing to find ourselves again at home in our bodies--to challenge the commonly held assumption that body and self are two separate things, and to locate body-selves again within Christian theological tradition. --Anne Benvenuti, author of Spirit Unleashed: Reimagining Human-Animal Relations In one way or another, most of us work to figure out life. Meaning is complex and often elusive. We are especially challenged when facing the uncertainties of personal illness and decline. This text helps show us the way. A new paradigm, bodyself, forcefully challenges the old mind-body dualism of the venerable Descartes and some now antiquated views of medical practice. Hefner and Pederson s perspective . . . is compelling, with a reasoned approach that draws the reader in. --Jerome W. Freeman, John C. Sall, MD, Professor in Medicine, Sanford School of Medicine Philip Hefner is Professor of Systematic Theology Emeritus, Lutheran School of Theology at Chicago. He was Editor of Zygon: Journal of..
