paperback. Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback. Pages Number: 332 Language: Chinese. Publisher: Southeast University Press. Microcomputer Principle and Application (2nd edition) basic part of the discussion of general issues, including the computer the number of yards and common circuits, micro- the basic structure and operation principle of the processor systems, microprocessor, memory and IO concepts and their mutual relations. The application part of the MCS-51 microcontroller, its structural characteristics, memory organization, instruction set and integrated timer, interrupt and serial communication functions. Around the MCS-51 bus and its timing, memory and peripheral chips extension technology and with the emphasis and timing. In the memory expansion section describes the various decoding methods, IO expansion, focusing on the working principle and its application of a typical interface, the peripheral interface chip and function introduction, the book is a careful trade-offs. Based on MCS-51 assembly language teaching, the introduction of the norms of the ASM-51 macro assembler, which supports multi-module, as well as high-level language of the future with the C51 hybrid programming. To help beginners to understand and master the assembly language program examples are as complete as possible list (corresponding to the C51 routine is given as an appendix). Book example, focused, step by step as easy to understand the system and the content of the arrangements from the experience and understanding of many years engaged in computer teaching. A large number of examples in the book from the author for many years engaged in the accumulation of scientific research and engineering and technical, practical, standardized terminology. Microcomputer system theory and applications (2nd edition) as a non-computer professional undergraduate students in colleges and universities teaching materials, can also be used as training materials for adult higher education....
