Createspace, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Have you ever wondered why it is that love is so hard to find? Or maybe you've wondered why it is that you push love away. Perhaps you don't feel lovable. Maybe you've been hurt to the point where you don't feel like you can love. Or it could be that you're searching for love and don't know where to look. Whatever the case may be, Unconditional Love answers some of the questions so many people are afraid to ask. It even answers some of the questions you didn't know you had. Unconditional Love tells of some of the things I've learned in my pursuit for love, what I've found love to be, and where unconditional love can be found. It is my hope that everyone finds love and learns to give it, as well. I also hope to provide some understanding of why humans behave the way they do. all for the sake of love.

This book will be worth getting. Better than never, though I am quite late in starting reading this one. It's been written in an extremely basic way which is only right after I finished reading this book through which actually altered me, altered the way I believe.
