It is one of my personal favorite publications. Indeed, it is actually performed, still an amazing and interesting literature. It has been printed in an exceptionally easy way which is merely soon after I finished reading this book where it really altered me, changed the way I believe.

NOTES ON THEM AND US: FROM THE MAYFLOWER TO OBAMA THE BRITISH, THE AMERICANS AND THE ESSENTIAL RELATIONSHIP

Short Books Ltd. Hardback. Book Condition: new. BRAND NEW, Notes on Them and Us: From the Mayflower to Obama the British, the Americans and the Essential Relationship, Justin Webb, Britain and America have a new word to describe their relationship: 'essential' has now been replaced by 'special'. Justin Webb would prefer all adjectives to be abandoned in an effort to tell the real story. Notes on Them & Us is a wry account of the transatlantic friendship as it actually exists today - how Americans see us, how we Brits see them - and Webb, presenter on Radio 4's Today programme and formerly the BBC's North American editor for eight years, is perfectly placed to comment. An amusing, myth-breaking, unflinchingly honest read, this is not an attack on either the English or the Americans. Webb concludes that there is a fault line in the long-standing marriage between these two great nations, a cultural divide that separates us. And he argues that recognising this divide, even celebrating it, is the key to a rich future collaboration.
