Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from History of Journalism in the United States, 1920 Man frequently knows little about the phases of existence with which he comes into daily contact. As frequently he is not even curious regarding them. He telephones for a taxicab, is whisked to a labyrinthine terminal in time to catch an express, which clanks across viaducts conjured up by engineering s sheerest magic - usually without query save that prompted by solicitude for his comfort of the moment. Man goes, comes, and eternally accepts, en route. His, for the most part, is a post facto viewpoint. Effect is what really concerns him. He is likely to be bored by those who expound cause. Among the commonest and least comprehended ingredients of living is the daily newspaper. More powerful than public school or college, more vitally affecting destiny than all the churches of all the sects, it thrusts its well or ill conceived messages into the homes and minds of the millions. Coral like, it has reared itself into an all encircling reef, upon which beats the tidal wave of world politics or laps the insignificant ripple of village chatter. The roar of the tidal wave and the lap of the ripple are what men think they hear. Actually they do not. What one hears is the note of the reef - the newspaper. Wherefore let us consider its beginnings. Never have citizens needed more urgently an understanding of the genesis and development of journals which - although they may deny it - shape their trend of thought, their ethics and tastes, and their interest in the matter of national honor. About the Publisher Forgotten Books publishes hundreds of thousands of rare...
