According to the Mayan calendar, Nostradamus and other prognosticators, December 21, 2012 was to usher in dramatic changes for the world - if it didn't end first. Piero Rivolta's visionary novel, Journey Beyond 2012, explored those predictions through the lives of three people. Meet George, an engineer of international construction projects, his wife, Valeria, and Ryan, a financier, business partner and friend. How they coped with what actually happened takes this engaging and memorable story to a fitting climax as it suggests an innovative direction for the new millennium. Through the lens of a philosophical kaleidoscope laced with wisdom, the story simultaneously takes us forward and backwards in time. Its variable themes include Wall Street, the politics of innuendo and distortion, and the DNA of survival. --- Stephanie Dale, Author, My Pilgrim's Heart If you're going to read...
