O'Reilly Media, Inc, USA. Paperback. Book Condition: new. BRAND NEW, Java Extreme Programming Cookbook, Eric M. Burke, Brian M. Coyner, Extreme Programming does not mean programming naked while rollerblading down the side of the Grand Canyon. Although the time saved using any one of these solutions will more than pay for the book, Java Extreme Programming Cookbook offers more than just a collection of cut-and-paste code. Each recipe also includes explanations of how and why the approach works, so you can adapt the techniques to similar situation. One of the biggest challenges facing developers today is sorting through the wide variety of..
