I-5 Publishing. Paperback. Book Condition: new. BRAND NEW, Wildlife in Your Garden: Creating a Backyard Sanctuary for Birds, Butterflies, Bees, and Bats, Karen Lanier, Imagine a thriving flower garden in your backyard, bursting with vibrantly colored blooms and lush green leaves. Now imagine the same garden, alive with buzzing and flapping and chirping. Imagine the ecological impact of encouraging natural pollinators to do their jobs. Imagine the excitement of watching your garden become a hub of activity and learning about all of its different visitors. For those who relish observing nature in action, planning a garden to attract certain types of wildlife can bring daily enjoyment right into the backyard. Inside Wildlife in Your Garden: "Birdscaping"--planning and planting with birds in mind A special section on hummingbirds that includes an illustrated guide to twelve common types Identifying common backyard birds from the popular to the obscure Using binoculars and field guides to identify birds by sight and by calls Different types of pollination Plants and food crops that depend on pollination Plants to attract bees by season Gardening for butterflies at different life stages How bats and moths take over pollination duties at night Natural ways to protect your garden from pests and discourage harmful wildlife.
