Hodder Stoughton General Division, United Kingdom, 2017. Paperback. Condition: New. Language: English . Brand New Book. Readers around the world have embraced Ali Almosawi s whimsical illustrations and his funny, clarifying explanations of complex subjects. In *Bad Choices*, Almosawi demystifies a new topic of increasing relevance to our lives: algorithms. This is a book for anyone who s looked at a given task and wondered if there was a better, faster way to get it done. What s the best way to organize a grocery list? What s the secret to being more productive at work? How can we better express ourselves in 140 characters? Presenting us with alternative methods for tackling each scenario, Almosawi guides us to better choices that borrow from same systems that underline a computer word processor, a Google search engine, or a Facebook ad. Once you recognise what makes a method faster and more efficient, you ll become a more nimble, creative problem-solver, ready to face new challenges.
