Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from A Catalogue of the British Marine Algae: Being a List of All the Species of Seaweeds Known to Occur on the Shores of the British Islands, With the Localities Where They Are Found More than ten years have now elapsed since the appearance of the Revised List by Mr. Holmes and myself, which still remains the most recent catalogue of the British Marine Algae. In the meantime many additions have been made to our Marine Flora, and very numerous changes both in nomenclature and classification have been rendered necessary by our increased knowledge of the subject. I hope, therefore, that a catalogue incorporating all the more recent alterations may not prove wholly unacceptable to algologists. I have attempted to roughly indicate the distribution of the species on the British coasts, and with that object in view I have examined many important collections, both public and private, more especially those of Buddie, Petiver, Uvedale, Ed. Forster, Rev. Hugh Davies, the remnants of Hudson's herbarium, and the general British Collection in the British Museum; those of Bishop Goodenough, Dawson Turner, Sir W. Hooker, Capt. Carmichael, and others at Kew; those of Stackhouse, Mrs. Griffiths, Dr. Cocks, and a duplicate set of Prof. W.H. Harvey's British Marine Algae in the possession of the Linnean Society; the five fasciculi of Mrs. Wyatt's *Algae Danmonienses*, the ten of Mr. Holmes's valuable *Algae Britannicae Rariores Exsiccate*, and many private collections, in addition to those mentioned in the introduction to the Revised List by Mr. Holmes and myself, the Pollexfeu herbarium, and the beautiful series of microscopic preparations of British Marine Algae made by the late Mr. T. H. Buffham, now forming part...
