

Isabel of Castle: And the Making of the Spanish Nation, 1451-1504 (Classic Reprint) (Paperback)

Filesize: 7.74 MB

Reviews

It is fantastic and great. It usually will not charge an excessive amount of. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Modesto Mante)

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Isabel of Castle: And the Making of the Spanish Nation, 1451-1504 Isabel of Castile is one of the most remarkable, and also one of the most attractive, figures in Spanish history. Her marriage with Ferdinand the Wise of Aragon brought about the union of the Spanish nationality, which had so long been distracted and divided by provincial prejudices and dynastic feuds. She is the ancestress of the Spanish Hapsburg line. But she is also important in Spanish history as a wise and energetic ruler, who rendered invaluable assistance to her husband and to some extent moulded his policy. Under their government Spain was reduced from anarchy to order, and took her place among the great Powers of Europe. Isabel is perhaps best known as the patroness of Christopher Columbus and the unflinching ally of the Spanish Inquisition. But her career presents many other features of interest. In particular it reveals the problems which had to be faced by European governments in the critical period of transition from medieval to modern forms of national organization. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
