

Entomologists (Paperback)

By Robin Michal Koontz

Rourke Educational Media, 2015. Paperback. Condition: New. Language: English . Brand New Book. An entomologist studies all insects, including bugs. They study insect anatomy, habitats, their activity, life cycle, and behaviors. Some travel the world seeking to learn more about the evolution and interaction they have with humans, the environment, and how to protect their future. Through research and study, they also strive to discover new and exciting insects that have yet to be found! If you like bugs, this may be the career for you. This title will allow students to develop models to describe that organisms have unique and diverse life cycles but all have in common birth, growth, reproduction, and death.
