

The Practical Woodworker: Volume 1: Mastering Tools & Materials

By Jones, Bernard E., Editor.

Popular Woodworking. 1 Paperback(s), 2014. soft. Book Condition: New. Originally published near the turn of the 20th century, The Practical Woodworker is a reference set for the home woodworker, a heavily illustrated repository of centuries-old skills and practices that are still valuable to the modern homesteader and hand-craftsman. Volume 1 covers the workshop and its equipment including shop appliances like a saw bench as well as such essentials as measuring and marking tools, saws and sawing, hammers and mallets, chisels and gouges, planes and planing, gluing, and nailing and screwing. Here too are several simple projects and techniques for making moldings, joining and dovetailing, and cutting rabbets. 416.

Reviews

Absolutely among the best publication I have got at any time go through. It really is written in straightforward phrases rather than hard to understand. Its been designed in an extremely straightforward way which is just soon after i finished reading this publication through which basically modified me, alter the way i believe.
