Brewing beer is fun and delicious, but it's also a demanding process, requiring proper equipment, impeccable sanitation, a basic understanding of the chemical process of brewing, and the patience to troubleshoot flavours and aromas that aren't quite right. No matter how experienced the beer maker, unforeseen questions and problems can develop with every new batch of beer. Master brewer Ashton Lewis has seen and resolved hundreds of brewing problems and answered thousands of questions from amateur brewers as Brew Your Own magazine's Mr. Wizard for 11 years. In a friendly question-and-answer format, Lewis explains the wonderful process of converting malt, hops, yeast, and water into beer. Covering the entire range of situations a home brewer is likely to face, this handy, at-a-glance reference will maximise the flavour of every batch of brew.
