Teacher Created Materials, Inc, United States, 2017. Paperback. Condition: New. Language: Spanish . Brand New Book. Scientists see things much differently than the average person. They observe and research, create hypotheses, make predictions, and much more when conducting experiments. They follow something called the scientific method to make their hypothesis valid, and this can take a long time. Dive into a scientist s thought process by flipping through the pages of the engaging book! High-interest text and vibrant images and photographs fill the pages of this book to keep students engaged while learning about space. A Think Like a Scientist lab activity that supports STEM instruction is included at the end of the book for students to use what they learned in the text and apply that knowledge to the activity. A helpful glossary, table of contents, and index are also included for additional support.
