Abandoned by the modern world, in a place void of jobs women and opportunities, they drink and smoke their time away, outcasts in a town of nutters, dreaming of the day when their ship will come in and free them from their tedious fate. But just when it seems things can t get any worse a Community Employment Scheme threatens to turn their world upside down, forcing them to take drastic measures to avoid having to get a job, until a plan is finally hatched that will make them all rich, once and for all.
