The world needs the kind of religion that sets humanity free, not the kind that binds it with textual fanaticism. The world needs the kind of religion that humanizes the society, not the kind that dehumanizes it. One of twenty-first century s most influential thinkers gives us a beautiful work of scientific philosophy where we get to rediscover the true humane essence of religion. Here the celebrated Scientist Abhijit Naskar makes a glaring attempt to reinforce the faculties of rational thinking and acceptance in the psyche of the civilized society towards distinguishing the evils of religious fundamentalism from genuine religion. In Illusion of Religion, Naskar tears apart the veil of fundamentalism that has befallen the human society masking as religion, and makes us recognize the true meaning of religion within our hearts, beyond the bounds of textual fanaticism. This is a treatise of biological sciences, that reveals the neuropsychological dynamics of fundamentalist beliefs that have most successfully managed to present themselves as divinity. Here Naskar unravels the path towards eradicating this medieval evil from our modern society. He shows us the path of building a truly civilized and wise society, where reasoning, love and conscience triumph over all primitiveness.
