GRANTA BOOKS, United Kingdom, 2009. Paperback. Condition: New. New ed. Language: English . Brand New Book. Description Produced behind closed doors, disposed of discreetly, hidden by euphemism, shit is rarely out in the open in civilised society, but the world of waste - and the people who deal with it, work with it and in it - is a rich one. This book takes us underground to the sewers of NYC and London and overground, to meet the heroes of India's sanitation movement, American sewage schoolteachers, the Japanese genius at the cutting edge of toilet technology, and the biosolids lobbying team. With a journalist's nose for story, and a campaigner's desire for change, Rose George also addresses the politics of this under-reported social and environmental effluent, and the consequences of our reluctance to talk about it. Witty and original, The Big Necessity proves that shit doesn't have to be a dirty word.
