Clem Chambers is one of the world's leading authorities on market performance. His website is hugely successful with investors in the UK and around the world, particularly in South America. In order to maintain his own business at the peak of its performance, Clem trades in stocks in his own personal account. If I can't do it myself, he says with characteristic frankness, then how am I supposed to help other people? That he does so regularly and profitably demonstrates both his skill and his knowledge. Now he's prepared to share his secrets of stock market success. Writing with first-hand knowledge, he provides 101 pithy and personally researched tips which help day traders, investors and stock pickers of every kind to focus in on what characterises a potentially successful stock.
