There s one person who s in charge of making sure that those people work together, the director. A director oversees all the creative pieces of a movie production. They may change scripts, costumes, and cast members, and have a say about all camera shots and final edits. It s stressful but rewarding; just ask an Oscar-winning director. Young directors will learn the myriad of responsibilities they can look forward to in this insightful volume, while gathering great advice on how to work with people to make a cinematic masterpiece.
