Pages Number: 220 Publisher: Central South University Press Pub. Date :2009-08. As China's science and technology continue to develop, improve, and continuously update the education system, community colleges and universities employing unit training model put forward higher requirements updated. Complex, innovative, practical talents increasingly employer of all ages. This trend is bound to make the university training model facing new challenges, which means how to improve higher education graduates in the actual working capacity is particularly important. Indeed, in addition to efforts to strengthen the practice of teaching, it should focus on strengthening and promoting the theory of teaching and materials and update the building, obviously, it is to improve the teaching quality of an essential and important part. According to the Ministry of Education, Ministry of Finance on the implementation of the quality of undergraduate teaching and teaching reform project of the opinion, the spirit of the document, start the million new construction project materials, new materials and to strengthen the construction of three-dimensional materials project, and actively organize teachers to prepare new materials. Contents: Part 1...
