THE JEDI HANDBOOK OF GLOBAL EDUCATION: A GUIDE TO HEALING YOUR PLANET AND BRINGING BALANCE TO THE FORCE (PAPERBACK)

Createspace, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The Jedi Handbook of Global Education is unprecedented. It is the first book of its kind to appear anywhere. The result of 35 years of research and collaboration with some of the greatest minds of the century, the Handbook offers a global educational program designed to heal our planet, solve all of its problems without exception, and actualize an incredible new world and humanity (The Jedi Order). It offers a program that cannot fail to achieve its end, as it is based on an Absolute Science that is the culmination of 2,000 years of the history of philosophy and science. The book shows how only Global Jedi Education can resolve our many problems and world crises such as war, terrorism, political/religious instability, economic inequality, worldwide poverty, homelessness, nihilism, disease, and death. It is unprecedented in its scope. Its program includes not only hands-on methods for transforming K-12 and university education, but also for transforming our major global institutions-politics, religion, science, business, health (medicine psychiatry), the arts and media-which by their very nature educate and shape the consciousness of our peoples. It is superior to other similar programs to heal our planet based on merely relative sciences such as quantum physics, which are sense-based and unable to definitively ground the absolute reality of consciousness and the New Holistic Science now coming on the scene as a result of the global paradigm shift on our planet. In brief, The Jedi Handbook will reveal: That human HISTORY is over-How it happened, and What it means. That Plato, Hegel, and the JEDI philosopher/scientists on our planet have discovered the TRUTH, the Knowledge of The Force, and Jedi Absolute Science . that reveals what and...
