

## Money and Capital Markets: Instructor s Manual (Paperback)

By Miles Livingston

John Wiley and Sons Ltd, United Kingdom, 1997. Paperback. Condition: New. 3rd Revised edition. Language: N/A. Brand New Book. Money and Capital Markets offers thorough coverage of financial institutions and markets for upper level undergraduate and MBA students. Prerequisites for the text are an introductory finance course and basic knowledge of algebra. Money and Capital Markets presents the major theories of the impact of inflation, government spending, and monetary policy upon interest rates. In order to emphasize factors determining the prices and risks of financial instruments, descriptive information about institutions is kept to a minimum. The links between different types of securities are shown through risk-free arbitrage. This allows lecturers and students to establish frameworks for linking different types of bonds and connecting futures markets with spot markets. The third edition features: \* Updated institutional information, including coverage of US treasury auctions, investment banking, brokers and dealers, bank regulation, and mortgage markets. \* Extensively revised end of chapter problems challenging the student to think critically. \* More user friendly chapters on spot and forward interest rates, coupon-bearing bonds, bond investment risks and features.

### Reviews

*Completely essential read through publication. It normally does not expense excessive. It is extremely difficult to leave it before concluding, once you begin to read the book.*

-- **Morris Cruickshank**

*This book might be really worth a read, and superior to other. This really is for all who state there had not been a really worth studying. I am just happy to tell you that this is basically the very best pdf i actually have read through during my very own lifestyle and may be the best ebook for actually.*
