Change Anything Everyone will at some time in their life be affected by depression; if not their own, someone else's. Depression affects approximately 18.8 million American adults or about 9.5% of the U.S. population age 18 and older in a given year. 80% of depressed people are not currently having any treatment. 15% of depressed people will commit suicide. Depression will be the second largest killer after heart disease by 2020 and studies show depression is a contributory factor to fatal coronary disease. Depression can quadruple a person's risk of dying within 6 months after a heart attack. Whether you decide to get treatment or not, there is something you can do; You Can Change I sank into a level of depression few recover from. I lost my marriage, my ministry, my career, and nearly lost my life. Yet somehow I recovered, started from scratch, built a new career and created a new life!
