## AN ATLAS OF HUMAN ANATOMY: FOR STUDENTS AND PHYSICIANS (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from An Atlas of Human Anatomy: For Students and Physicians In some cases, in the nomenclature used by the author, terms are met with which have no counterpart in English anatomical terminology either because the author regards as normal a structure which English anatomists regard as a variety; or, and far more commonly, because the structure in question, though normal, is unimportant, and English anatomists have therefore neglected to name it. Sometimes, in such cases, I have given a literal English translation of the Latin name used by the author; sometimes, however, a periphrasis has been required to explain what the structure is, or to account for the absence of an English name, and this periphrasis, when lengthy, has been printed as a foot-note. In all such cases, an asterisk is prefixed both to the Latin name and to its English equivalent, to indicate to the reader that there is something unusual in the terms employed. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
