Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Two dramatic speeches, made by the German Minister of Propaganda, at the famous Nuremberg rallies of 1935 and 1936, which sum up the National Socialist interpretation of Communism and its threat to the world. In *Communism with the Mask Off* (1935), Goebbels describes in detail the Jewish origins of Marxism and Communism, and lists the Jewish leaders and instigators of that ideology in Russia, Germany, many European nations and even China. As far as we ourselves are concerned, we have completely overcome this menace. Indeed perhaps, outside of his work in Germany, the greatest service which our FÜhrer has rendered the world is that here in Germany he has set up a barrier against world Bolshevism against which the waves of this vile Asiatic-Jewish flood break in vain. In *Bolshevism in Theory and Practice* (1936), he discussed the practical social, political and economic consequences of Marxism--and how Germany had broken that menace. We have proved under the most unfavourable circumstances that Bolshevism can be overcome if one wishes to do so, if one uses the proper means and if one is determined to oppose the powers of destruction with all one's strength and all one's manly courage. May the world follow Germany's example. Of course National Socialism is not suitable for export, and other nations shall not be persuaded or even forced to adopt its methods. Yet it may prove instructive, and its methods of procedure may stimulate other nations to adopt the same course and thus evade a terrible crisis.
