

The Work of Love: Creation as Kenosis (Paperback)

Filesize: 5.26 MB

Reviews

This book will never be easy to start on reading but quite exciting to see. It is actually rally intriguing throug looking at period of time. Your daily life span will be convert once you total looking over this book.
(Torrance Vandervort)

THE WORK OF LOVE: CREATION AS KENOSIS (PAPERBACK)

William B Eerdmans Publishing Co, United States, 2001. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The development of kenotic ideas was one of the most important advances in theological thinking in the late twentieth century. In *The Work of Love* eleven foremost theologians and scientists discuss the kenotic view of creation, exploring the implications of this controversial perspective for Christian doctrine and the scientific enterprise generally. The authors backgrounds are diverse-ranging from systematic theology to neuropsychology-yet each agrees in seeing creation as God s loving act of divine self-restriction. The key concept, kenosis (self-emptying), refers to God s voluntary limitation of his divine infinity in order to allow room for finite creatures who are truly free to be themselves. This engaging formulation of God s creative work challenges the common conception of God as a divine dictator and provides a more satisfying response to the perplexing problem of evil and suffering in the world. The fruit of discussions sponsored by the John Templeton Foundation, these stimulating chapters bring a needed interdisciplinary approach to this weighty new trajectory in Christian thought. Contributors: Ian G. Barbour Sarah Coakley George F. R. Ellis Paul S. Fiddes Malcolm Jeeves Jurgen Moltmann Arthur Peacocke John Polkinghome Holmes Rolston III Keith Ward Michael Welker.
