Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Warfare of to-Day I have already discovered, in a more limited field, what a beneficent influence upon public Opinion may be exercised by a group Of ardent and devoted disciples. Let me recall to you the part played by my splendid soldiers of the Harvard the very Power Of American youth. Those boys learned the fundamental principles and methods Of modern warfare long before the official regulations had adopted them: they were thus able, not only during the training at Harvard, but subsequently, to disseminate these principles and methods. Similarly, the five hundred and fifty American reserve Officers whom the War Department sent after them to be taught by the French Military Mission, became enthusiastic converts to the new ideas. You can continue, if you will, the work of propaganda, which they have begun in the interest Of the American people.
