Collaborative Enquiry. Paperback. Condition: New. 192 pages. Dimensions: 9.2in. x 6.1in. x 0.7in. This book demonstrates that long-term win-win collaboration approaches work. Principals and contractors don't have to end up in conflict or litigation. I would recommend these ideas be adopted by companies eager to improve productivity. - John Mulcahy, Chairman, Mirvac In an industry dominated by conflict and unproductive activity, this book offers a refreshing and practical way for all parties in the building industry to achieve more from their capital and labour inputs. Stephen Hanman and Ian George have shown through application that by introducing trust, respect and meaningful communication into relationships, results improve for all stakeholders. Moreover, the investment required to do the first job carries over to future work, resulting in improved performance with each project. I applaud the efforts of the authors in both creating the environment for their clients to do better in their construction businesses and for sharing their work with the wider business and labour communities. One wonders what benefits could flow to other industries should the broader principles so successfully adopted in this book be applied more widely. - Terry Henderson, company director and businessman This book provides wonderful insights into the way in which economic and social relationships associated with building and construction can be transformed. The participants involved in CGA Bryson projects have experienced considerable benefits in their working and personal lives. There is also evidence of significant economic benefits for all within the project supply chains. In the context of the broader building and construction industry, this account contains lessons which offer solutions for some of the seemingly intractable problems of conflict, waste, poor quality work and alienation that bedevil this industry. We have a lot to learn from these two professionals who are writing about their direct experience...
