There is hardly a person in the Western world who has never heard of the almost mythical secret agent; who has never seen at least one movie or heard the famous quotation Bond. James Bond . The secret agent, originally invented by the British author Ian Fleming has almost become something like a brand: there is just one Bond out there. Or, in this case seven. Ever since Ian Fleming published the first novel starring who would become the world's most famous spy in the twentieth and twenty-first centuries, there have been many different interpretations of the character that actually is James Bond.
