## THE OXFORD HANDBOOK OF LATIN AMERICAN HISTORY

[DOWNLOAD PDF](#)

Oxford University Press, USA. Paperback. Condition: New. 560 pages. Dimensions: 9.5in. x 6.7in. x 1.5in. The decades since the 1980s have witnessed an unprecedented surge in research about Latin American history. This much-needed volume brings together original essays by renowned scholars to provide the first comprehensive assessment of this burgeoning literature. The seventeen original essays in *The Oxford Handbook of Latin American History* survey the recent historiography of the colonial era, independence movements, and postcolonial periods and span Mexico, Spanish South America, and Brazil. They begin by questioning the limitations and meaning of Latin America as a conceptual organization of space within the Americas and how the region became excluded from broader studies of the Western hemisphere. Subsequent essays address indigenous peoples of the region, rural and urban history, slavery and race, African, European and Asian immigration, labor, gender and sexuality, religion, family and childhood, economics, politics, and disease and medicine. In so doing, they bring together traditional approaches to politics and power, while examining the quotidian concerns of workers, women and children, peasants, and racial and ethnic minorities. This volume provides the most complete state of the field and is an indispensable resource for scholars and students of Latin America. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
