TIME TO START THINKING: AMERICA IN THE AGE OF DESCENT (PAPERBACK)**DOWNLOAD**

Grove Press / Atlantic Monthly Press, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book. Gentlemen, we have run out of money. It is time to start thinking. -Sir Ernest Rutherford, winner of the Nobel Prize in Nuclear Physics Time to Start Thinking is a book destined to spark debate among liberals and conservatives alike. Drawing on his decades of exceptional journalism and his connections within Washington and around the world, Luce advances a carefully constructed and controversial argument, backed up by interviews with many of the key players in politics and business, that America is losing its pragmatism - and that the consequences of this may soon leave the country high and dry. Luce turns his attention to a number of different key issues that are set to affect America s position in the world order: the changing structure of the US economy, the continued polarization of American politics; the debilitating effect of the permanent election campaign ; the challenges involved in the overhaul of the country s public education system; and the health-or sickness-of American innovation in technology and business. His conclusion, An Exceptional Challenge looks at America s dwindling options in a world where the pace is increasingly being set elsewhere.
