Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.DocumentDB is a NoSQL database platform that serves as the base of Azure Cosmos DB, Microsoft's new globally-distributed, multi-model database service. In *Azure Cosmos DB and DocumentDB* by Ed Freitas, you will learn about many of DocumentDB's features, how it compares to traditional databases, how to build scalable applications with it, and why it's a great option for developing web apps. Freitas delivers just what developers need to set up their first DocumentDB collection, query their data, write code for the client side and the server side, and more. This updated and expanded second edition of *Book* provides a user-friendly introduction to the subject, Taking a clear structural framework, it guides the reader through the subject's core elements. A flowing writing style combines with the use of illustrations and diagrams throughout the text to ensure the reader understands even the most complex of concepts. This succinct and enlightening overview is a required reading for all those interested in the subject. We hope you find this book useful in shaping your future career Business.
