Reviews

These kinds of book is every thing and helped me hunting forward plus more. It is probably the most remarkable book we have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Everett Stanton)

KEVIN ANDREW LYNCH. INDIVIDUAL NOTABLES IN PLANNING IN THE US AND ABROAD

GRIN Verlag GmbH Feb 2015, 2015. Taschenbuch. Book Condition: Neu. 210x148x1 mm. This item is printed on demand - Print on Demand
Neuware - Essay from the year 2014 in the subject Geography / Earth Science - Demographics, Urban Management, Planning, , language:
English, abstract: Kevin Lynch is one of the key figures in environmental design and behaviorism in the field of city planning and city design in
the 20th century. He devoted his career to research, writing, teaching, as well as to consulting in human environmental design. He published
seven books, approximately twenty-five journal articles and essays, including many sketches and drawings. Studying city planning without
coming across his empirical research on how individuals perceive and navigate the urban environment is almost impossible. Since my first day
in University I learned and worked from his ideas and I was impressed by his theories and findings. I think the understanding of the look of
urban environments and city planning would be a lot different today, if it had not been for Kevin Lynch, which is why I choose him for the paper
on a notable individual. 12 pp. Englisch.
