Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The purpose of this book is to highlight prevalent democratic principles and how they can impact on public policy formulation and projects development in local governments in Nigeria. The book explores the impacts of democratic theories as they relate to the new perspectives for public administration, especially at the local government levels. Much of the discussions in this book pertain to the democratic and policymaking principles that could engineer effective and sustainable public policy formulation within the local administration machineries. The book also uses these democratic perspectives to design the corrective measures that are needed for the successful policy formulation and implementation in local government administrations in Nigeria. By identifying the factors that have led to the failures of public policy and service delivery in Nigeria, this book develops the problem solution steps for the country s public policy processes in local government administration. Essentially, the book seeks to relate these perspectives to citizen empowerment and participation in public policymaking and service delivery at the grassroots levels. This book illustrates the significance of the various democratic approaches and discusses the challenges public policymaking in local in governance. The importance of deliberative democracy, democratic renewal, and citizen participation in governance is emphasized as an important normative concern in public policy formulation. Public policies formulation during a democratic dispensation is usually more representative, participatory, and hence more sustainable. By analyzing these perspectives, their effects on the policymaking in local governments of Nigeria become more appreciated. Partnerships between nonprofit, business and government sectors are becoming more pronounced in most countries as the societal problems become more complex and difficult for the individual sectors. Moreover, public policy practitioners and public...
