Reviews

Complete information! Its such a great study. It is probably the most amazing book i have got study. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Mr. Roger Luetten III)

THINK GOD

To download **Think God** PDF, please click the web link under and download the document or gain access to additional information which might be relevant to THINK GOD ebook.

Xulon Press. Paperback. Book Condition: New. Paperback. 92 pages. Dimensions: 8.5in. x 5.5in. x 0.2in. Is God really some big old guy in the sky with a long, white beard, throwing thunderbolts at people He doesn't like? **Think God!** demonstrates the folly of that idea as a result of over forty years of study in science and the Bible. Some of its concepts may at first seem unusual, or even controversial. The ideas in **Think God!** are not presented as a final explanation as to the nature of God and the universe, but as a plausible, science-based scenario that gives the reader a sound reason to believe that God does exist, and that He is a rewarder of those who diligently seek Him (Hebrews 11: 6). I have always loved Glen's insights into the deeper mysteries of the faith. His recognition that science and faith are not at all incompatible, but actually in perfect harmony, will be a boost to your faith. In this age of skepticism, Glen's book will equip you to enter the dialogue with confidence! - Jeffrey Cranford, PGA golf pro and President of Links Players International, a Christian golf media ministry and publisher of the Links Letter. Glen H. Kippel is a former broadcast engineer, announcer and radio station manager who has had a life-long passion for science and technology. After becoming a Christian at age 26, he has been devoted to studying the intersection between science and the Bible. His first book, **You Can Understand the Bible!** was awarded first-place in the 2010 Christian Choice Book Awards, Bible Study Division. **Think God!** continues in the same vein as his previous offering, **Think Heaven!**, a study in how theoretical physics demonstrates the possibility of a supernatural universe. This item ships from multiple locations. Your book may arrive...
