Books Express Publishing, United Kingdom, 2010. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.In 1946, General Walter Bedell Smith wrote a series of articles describing six great decisions made in World War II by General Dwight David Eisenhower Writing so soon after the war, General Smith could not hope to produce a definitive history, but felt that writing then would document an important viewpoint of one of the major participants in Eisenhower s many significant decisions. With this initial volume of their Operation IRAQI FREEDOM Key Decisions Monograph Series, the Strategic Studies Institute also attempts to write about key decisions while they are still fresh in the memories of the participants. This series will not produce a definitive history, however, it will make a major contribution to understanding decisions made by senior military and civilian leaders during the several years thus far of the war in Iraq. Looking more at the how and why of certain decisions than at the results of those same decisions, this series will be particularly useful to senior leaders--both uniformed and civilian--as they reflect on how decisions were made in Iraq and how better decisions might be made in future conflicts. As General James Mattis at Joint Forces Command recently said, the challenges of operating in a counterinsurgency can be greater than in large-scale conventional combat, since the adversary has more flexibility to determine how, when, where, and whether to fight. This, plus the fact that irregular combat is the more likely challenge of the future operating environment, makes it even more important to examine the key decisions of Operation IRAQI FREEDOM as soon as possible. One of the greatest strengths of our Army over the centuries has been its ability to look critically at itself and to devise...
