Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Herbal medicines are used by about 80 % of world population, mainly in the developing countries, for primary health care, due to its better cultural acceptability, better compatibility with the human body, safety and lesser side effects. WHO has defined traditional medicines as practiced that for hundreds of years before the development of the modern system of medicine and are still in use. However, in the last few years there has been..
