Micahel L. Miozza, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Do you want to acquire insight on how to create a strong and sustainable safety management system? This book was written to help those individuals charged with the responsibility for improving or initiating a new safety management system. Whether you are a safety department of one, a human resource manager that has been given safety responsibilities, or a business owner who has little experience with managing safety systems, this book will provide the necessary ingredients you will need to create and sustain an effective safety management system. The book explains why it is crucial to integrate safety into day-to-day operations and how to go about this. It provides practical, simple methods to assess and audit your safety management system on an ongoing basis and correct any problems you find. Throughout this book, the author uses valuable insights from his own personal experiences in the various industries where he has worked to demonstrate the concepts presented. If you are new to safety, this book will help you understand OSHA standards and what OSHA does, learn what OSHA records you need to maintain, comprehend why it is important to identify safety hazards in your workplace, appreciate why you need to conduct workplace job hazard analysis, see the value in performing regular workplace inspections and auditing your safety management system, recognize why conducting thorough incident investigations is so very important, know what workers compensation is and how it affects your safety management system, be a safety leader and achieve buy-in from all levels of your organization, and learn what you can do right now to grow a safety culture in your workplace. Let the journey of chasing zero incidents begin! The iforSafety(TM) methodology packages...
