paperback. Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback. Pub Date: 2001 08 Pages: 519 in Publisher: Tianjin Science and Technology Translation and Publishing Corporation we see a good reflection of the readers of the first edition of the manual. and am pleased. In the second edition. we update the information provided in the first edition. This manual. however. is not just the improvement of our past work. and the broader the range of topics covered. the depth of the problems discussed deeper. In addition. the patients of Emergency Medicine is not known diagnosis to treatment. but there must be analyzed by the Emergency Physicians complex clinical symptoms and signs. To meet this need. help those who work in the modern Emergency Medicine Residency. we have done a lot of book content rewriting. Thanks for all over the country to write the authors of this manual. The high quality of the articles they submit their qualifications and achievements are strong evidence of the multi-faceted nature of accident and emergency medical care. Contents: Chapter 1. Chapter 2 of cardiology lungs Chapter 3. Chapter 4 of neurological trauma Chapter 5...
