## THE INHUMANOIDS: REAL ENCOUNTERS WITH BEINGS THAT CAN'T EXIST! (PAPERBACK)

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Inhumanoids are creatures or entities that have some type of human characteristic but are not human at all. Even though they sometimes appear as less than human, they are quite beyond the normal sense of the word and possess a troubling array of supernatural powers to prove the point. Some are true bi-forms; curious anthropomorphic mixtures of human and animals, while others manifest themselves in guises that one might pass by on the street and never give a second glance. From the smallest fairy to the tallest giant and every form in between, these inhumanoid beings, in all their myriad forms, have been with us since the beginnings of recorded history and beyond. Every culture knows the inhumanoids quite well. Since the dawn of time man has encountered such creatures, which simply cannot be explained away using conventional zoological science. In fact, all that we know of mainstream biology, zoology and anthropology scream in unison that creatures like The Spottsville Monster cannot possibly exist at all. Yet people see these beings, and a host of others of the same bizarre ilk, much more frequently than many would suspect. In researching this book I was struck by the sheer number of alleged inhumanoid encounters reported to have taken place; thousands upon thousands. As a consequence of the sheer magnitude of such data, this work merely attempts to scratch the surface of that very old, long list.
