*A brand new electronic book with a new standpoint. It is written in basic phrases rather than confusing. It has been designed in an extremely basic way which is merely right after I finished reading through this publication where it basically altered me, changing the way I believe.*

Createspace, United States, 2012. Paperback. Condition: New. Large Print. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This book is offered now because of how important and preoccupying matters relating to paying and taking of tithes have become in a great number of Christian churches all over the world. Much has been said and written about tithes in recent times. Sermons on it have gradually become the focus of numerous church services in many Christian denominations. It is often not difficult to perceive the confusion that smolders within both the tithe payer and the tithe taker: Is this thing real? Am I really receiving the rewards? Am I really paying to God or just enriching the pastor? Will I go to Hell if I don't pay exactly 10%? When will all this end? This book is therefore offered now because of how exigent it has become to educate tithe payers in all the churches of the world about the elusive scriptural truths with regard to tithing, especially from a source that has no particularly vested interest.
